DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 1-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
2. Claim 1, specifically lines 13-14, is incomplete as the plate spring member is only rotatable relative to the second bracket via rotation of the movable shaft as the plate spring member is non-rotatably installed on the movable shaft. The rotation of the movable shaft must be claimed. Claims 2 and 7 include similar incomplete and thus indefinite language at the end of each claim.
3. In claim 2, line 15, "said presser washer" lacks antecedent basis.
4. In claim 8, line 3, "said surface" lacks antecedent basis.

Allowable Subject Matter

5. Claims 1, 2, and 7 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
6. Claims 3-6 and 8-11 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

7. Applicant's arguments regarding the previously applied prior art have been considered and are persuasive. However, a new ground(s) of rejection presented above was necessitated by amendment.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
